

PARENT INFORMATION

Registration: Monday June 28th @ 3 pm

Dismissal: Friday, July 2nd @ 11 am

- All students must be **pre-registered** and have a **completed "Health Form"** before they can be admitted to camp.
- Campers are supervised by counselors at all times.
- A nurse is available at all times for health issues and dispensing of medications. Please follow the procedures for sending medications, which is explained on the Health Form and the "What to Bring" list. Over the counter medications like Pepto, Tylenol and Ibuprofen can be obtained by your child from the nurse.
- Meals are served in our Dining Hall. In addition to the main entrees for each meal, a salad and sandwich are available for both lunch and dinner. At breakfast, fruit, yogurt, cold and hot cereals are served in addition to the entree.
- A Camp Store is available on site where campers can purchase candy, snacks, drinks, ice cream, Jumonville apparel, and various other items.
- An allergy display board is posted in the Dining Hall. It will have listed the menu for that day along with a list of ingredients that may affect the Big 8 allergens.
- Pictures are posted from the events at JAC Camp at www.jumonville.org/daily-camp-photos/
- Information on special diets and dietary restrictions must be given to the Jumonville Office **two weeks before camp starts** in order for us to better accommodate those needs and so our Food Supervisor can be prepared.

CAMPER PACKING LIST

PUT YOUR NAME ON EVERYTHING!

- Health Form
- Bible, notebook, pen
- Pillow
